

Conditions of Participation for the call for papers for netze:ON 2023

Companies registered as exhibitors or co-exhibitors for netze:ON or efa:ON 2023 as well as universities, societies, associations, research and educational facilities without an exhibitor registration can apply for a presentation slot in the following programmes:

- Conference
 - Energy Technology Forum
-

Entries can be submitted using the online form within the application period from 22.03. to **31.05.2023**.

Available time slots for presentations range from approx. 10 to 55 minutes incl. Q&A, depending on the presentation format.

You can hold your presentation in German or English but contributions will not be interpreted into other languages.

If you would like to submit one or several items, please fill out a form for each one.

Participation is free of charge.

We are currently evaluating speaker interest in recording presentations during the conference and then publishing them in our media library.

Would you consider the recording and subsequent publication of your presentation in our media library? Please select an option on our online form.

Our programme partner, industry experts and our netze:ON team will evaluate the submitted presentations by the **middle of June**.

Applicants will be informed by email by **30.06.2023** as to whether the submitted contribution has been included by our netze:ON team.

After approval, the speaker's profile and further content must be drawn up and completed by 14.06.2023.

Adjustments to the content of the contribution are not permitted after approval.

As a speaker, you will receive a ticket for the netze:ON conference. However, travel and accommodation costs will not be covered by the event organiser.
